Additional Information

The Disaggregate Indicator of Employment represents a 9.3% self-employment rate. These 138 individuals were split between Males and Females equally, as we have no identifying data for these students. They are not included in Race/Ethnicity or Special Populations figures. No apprenticeship or military information was available for this report. The 0 in the numerator of Displaced Homemakers is a result of our Department of Labor's inability to disclose numbers less than 5.
